- February 12 we will be having a pink and red day to celebrate.
- February 18 is going to be orange day
- February 25 will be white day.

News from Aboriginal Head Start

Since this month celebrates love, that will be the learning theme of February, which is also Dene law #3 *Love each other as much as possible*. We will be exploring the family dynamic, and how important it is to have loved ones around us. There are many learning opportunities for this topic, and I am excited to dive in! We are also looking forward to strengthening our connection with our culture, we have hopes of learning family titles in the Wiliideh language. To have fun in the class this month, there will be an emphasis on hearts, bows, and all things celebratory in the classroom.

Last month was all about learning ourselves and how we live using our senses and feelings, to navigate it. I see such a difference in how they communicate to each other, and how easy it is for them to identify the feelings of their classmates.
