ABORIGINAL HEAD START

- April 28th to May 10th we had to close our doors due to multiple cases of COVID-19.

- May 12th we will be having a guest come in to sing and drum with us.

- On May 9th is Mother's day.

*“Goodbye,
April.
Goodbye,
showers.
Hello, May!
Hello,
flowers!”*

Hello head start families, we are moving right along in our curriculum goals this year. In April, the students were able to explore outer space! Well in the classroom anyway. There was a tent set up in the classroom to simulate stargazing, and ample opportunities to pretend that we were astronauts and aliens, it was such a fun and creative unit.

This year Mother's Day falls on May 9th, and we plan to create a gift or card for the lovely maternal figures present in our lives. There is also a unique theme for our classroom, we will be “working” at different jobs and experiencing them in a child-friendly manner. On May 12th, the class will work together to pick up garbage in and around the school, this will strengthen their sense of community and teamwork.
